PREFACE.

INCLUDING this issue, we have annually for the past twenty-six years collected, compiled and printed the material for the Troy Directory, and during this time there has been no year when so large an increase in the number of names was found in Troy City and Lansingburgh, as has been collected by our agents in the canvass which we have just completed, the details of which we give below; and we take great pleasure in calling the attention of our patrons and the public generally to them, for they are, in themselves, quite a good guaranty of the thoroughness with which our labor has been performed. Our experience in the business leads us to believe, that for every name which appears in the Directory, there are fully three inhabitants; therefore, by taking this as a basis, there are to-day not less than 74,790 inhabitants within the limits of Troy City and the Town of Lansingburgh. We, also, confidently believe that if a census of the City and Town should be taken by skillful men and their work daily supervised by one having experience in the business, the result would give figures even greater than the above estimate.

To collect all the matter found in the Directory, from a territory scattered as this is, viz.: On this side of the River, from the most southerly boundary of Troy to the northerly boundary of Lansingburgh, and including Albia on the east; then on the opposite side of the River from the extreme southerly boundary of West Troy to the northerly boundary of Cohoes, including Green Island; that each and every dwelling, store, shop and building whatsoever within those limits must be visited by our canvassers and at each and every place the necessary questions must be asked and the answers carefully recorded; then to compile, print and produce, in book form, all this information within the short time we are expected to have it completed, is a labor far greater than any are able to comprehend except the few who have been engaged upon the work.

In our last issue, we called the attention of our patrons to the large annual growth of the Directory, requiring a constantly increasing outlay of labor, care and expense with each succeeding edition; that ten years had then passed since the last increase was made in the price of the book; that we had personally, during all that time, annually borne this increased outlay, and that in the near future we *must* ask our patrons for relief. The fact is, we would have been fully justified in advancing the price last year and we should have done so had we not felt a special desire to postpone until the last moment the unpleasant duty and to avoid the unpleasant remarks which are sure to come from a few of our patrons. There is not a City Directory published by other parties in the United States, containing an amount of information equal to that found in the Troy Directory, which is sold for less than three dollars per copy, and we hope another year to find not a single patron who will object to paying three dollars for a copy of this work.

While the business men of Lansingburgh, West Troy and Green Island have this year given us a very little more patronage than formerly (for which we are grateful), yet the amount received from them is still far short of the cost, to which those departments annually subject us, and we sincerely hope that in our next issue we may be able to say: the people of those districts, realizing the benefits which they annually derive from the Directory, have extended to it the necessary amount of patronage to make them self-sustaining.

It will be noticed that we have this year, for the first time, given in the body of the book the names of prominent citizens who have died since the issue of the Directory last year, with the date of death; also, the names of many who have moved from the City, giving the place to which they have gone. This is a new feature, and it is believed will prove a valuable record, not only during the present year, but for all future time.

The complete set of Troy Directories from the year 1829 to the present issue are still kept on file at our store Nos. 8 and 9 First street, and our patrons will, at all times, be cheerfully given the use of them for reference. The frequency with which these books have been consulted by many, and especially by some of the legal fraternity, who have often found in them facts of great importance, has caused us to place a higher value on Old Directories, as well as given us pleasure in being able to furnish their use to those wishing to consult them.

Of those whose names appeared in the first Troy Directory, published in 1829, six have died during the past year, viz.: Harvey Smith, died August 8, 1881; Evert Ostrander, died August 7, 1881; Horace Herrington, died August 15, 1881; William Rich, died July 4, 1881; Capt. Henry Smalley, died October 9, 1881; Gilbert Geer, died April 22, 1882, and Morris Cornwell, died June 2, 1882.

STREET DIRECTORY,

Giving the name of each street, and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Second street No. 168 comes, you look at Second street, on page 14, and find that Liberty street crosses at 156, and Washington street at 178, showing that 168 Second street would come half way between Liberty and Washington streets.

This Company owns the entire water-power of the Mohawk River at Cohoes, embracing the celebrated Cohoes Falls. Aggregate fall, one hundred and twenty feet, giving nearly ten thousand horse-power. The Company's gate-house and dam are among the finest structures of the kind in the United States.

The canals are so constructed as to give a succession of falls from one canal to another, varying in height from twelve to twenty-five feet. The power is leased by the company, with land for factory buildings, in perpetuity, at an annual rental of about twenty dollars per horse-power, and considering the locality, is the cheapest in the country. It is an unfailing power, and during the past few years, while most of the water-powers in the country have failed for a time, Cohoes has had an abundant supply, without one minute's stoppage. About one-third of this magnificent power is unappropriated, and appurtenant thereto are some of the finest factory sites to be found anywhere.

Cohoes is situated at the confluence of the Mohawk and Hudson Rivers, about four miles from Troy and ten from Albany, and is eligibly located with reference to New York and other markets, and possesses superior advantages for transportation to market, either by river, canal or railroad, having two canals and two railroads running through it. It is a thriving young city of nearly twenty thousand inhabitants, and contains some of the finest cotton and other factories in the United States.

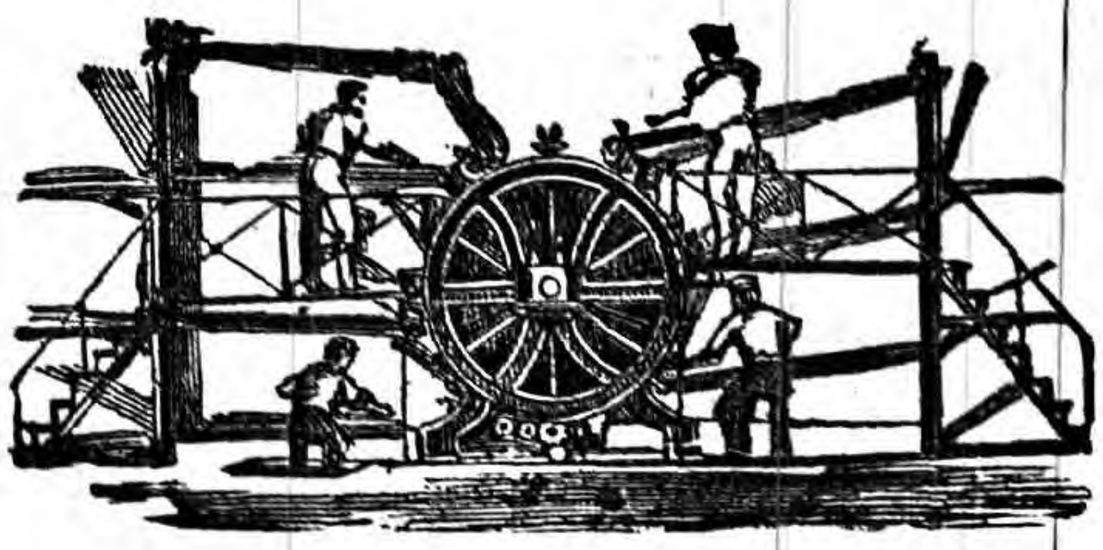
MORNING TELEGRAM.

(FORMERLY WHIG. FOUNDED IN 1834.)



THE ONLY MORNING PAPER IN THE CITY

and covers the entire field to the North and East of Troy.

The **TELEGRAM**, like all Morning Papers, is read by the People just before they want to buy, and hence gives advertisers an opportunity of reaching purchases at a time that no paper issued at any other hour of the day can.

Advertising in a Morning Paper always pays. The **TELEGRAM** meets all of the in-coming trains, and is read by the out of town purchasers as they are approaching the city, thus making an advertisement in this paper of the greatest value, and one that will repay the advertiser.

C. L. MAC ARTHUR & SON,

PUBLISHERS AND PROPRIETORS,

16 THIRD STREET, TROY, N. Y.

THE TROY NORTHERN BUDGET,

Published every Sunday morning, having a circulation double that of any paper published in this City, gives Advertisers more Circulation for a given amount of money than any other paper published in Troy, Albany or vicinity.

It is the largest paper in the City and County, being the same size as the large New York Dailies. It covers a field reached by no other single paper. It is read by all classes and by thousands who read no other paper. It is read more thoroughly than any other paper, for Sunday is the great reading day. People have more leisure to read advertisements on Sunday than on any other day, consequently with its large Circulation it presents features to advertisers that no other paper in this vicinity can.

It is the paper above all others in this vicinity in which to Advertise "Wants," "To Let," "For Sale," and similar Advertisements.

ASSETS, AT MARKET VALUES,	**$35,804,406.23**
LIABILITIES, BY NEW YORK STANDARD,	**30,646,206.46**
SURPLUS,	**5,158,199.77**

Losses paid immediately on completion and approval of proofs, without waiting the usual sixty or ninety days.

All policies issued by this Company are absolutely non-forfeitable. In case of lapse after two years' premiums have been paid, whether from inability to pay, or from carelessness, accident, mistake, misfortune, forgetfulness, absence, insanity, or sickness, or from any cause, the *full* reserve or value of the policy, by the highest standard, will, without any action on the part of the insured, be applied by the Company to the extension of the *full* amount of the policy for such time as the value will pay for.

ILLUSTRATION OF THE MUTUAL BENEFIT'S NON-FORFEITING RULE:

Mr. Theodore Schmidt, of New York, N. Y., insured in the Company in February, 1857, for $7,000; the annual premium being $217.70. He paid twenty-three annual premiums amounting to $5,007.10, which, less dividends of $2,267.88, made a net payment or cost of $2,739.22. In 1880, he failed to pay his premium. The insurance was extended by the Company for ten years and 337 days. Mr. Schmidt died in February, 1882, and the full amount of the policy was paid, less two premiums.

NOTE.—Past due Premiums are only deducted where death occurs within three years after lapse.

FRANKLIN SCOTT,

ATTORNEY AT LAW AND COUNSELOR IN PATENT CAUSES,

SOLICITOR OF AMERICAN AND FOREIGN

PATENTS,

NORTH BENNINGTON, VT.

After an experience in patent matters extending over a period of twenty years, I offer my services to inventors in Troy and vicinity, and I confidently believe that my facilities for the transaction of patent business in the United States Courts and in American and Foreign Patent Offices are unsurpassed by any Patent Agency in this locality.

Acting as the Associate Attorney in the United States for the Patent Agency of ROBERTSON, BROOMAN & CO., London, the oldest establishment of the kind in England, I am enabled to execute on this side of the water all papers necessary to obtain British patents, so that inventors seeking English patents may know, before their British applications are lodged, in what shape their inventions have been presented. The general custom is to turn the whole case over to the English Agents, who handle the matter as they please, without consultation with the inventor—a practice often prejudicial to the inventor's interest.

Having a complete set of English and United States Patent Reports covering a period from 1617 to date, as well as a good selection of legal and scientific patent authorities, I am able to furnish information of the highest value to the inventor and the litigant. No charge made for preliminary consultation.

CHARGES.

The customary charge of $5 is made for preliminary searches on inventions.

Fees for obtaining United States Patents ranges from $30 upwards, according to the complexity of the case.

Where applications are made after a preliminary search, the fee for search will be applied on the regular attorney's fee.

Re-issues, extensions, copyrights, rejected cases and caveats prosecuted on reasonable terms.

Cost of English Patents from $175 upwards. This covers English Government fees and all other expenses.

WM. H. YOUNG, Troy, N. Y., will furnish applicants with information concerning this Agency.
